VALLEY
MEDICAL CENTER

Remarkable things happen here.™

Early Detection is Your Best Protection

- A woman's chance of developing breast cancer in her lifetime is 1 in 8
- 8 out of 10 diagnosed women have no family history of breast cancer
- With early detection, the five-year survival rate for breast cancer is excellent, and can approach 100 percent
- Research has shown early detection reduces breast cancer mortality by up to 44 percent

SQUEEZE US IN! Schedule your mammogram at one of Valley's two convenient locations:

At Valley Medical Center, we offer:

- 2D Digital Mammography
- 3D Digital Mammography
- DEXA Bone Density Testing
- Diagnostic Breast Ultrasound
- Breast Biopsies
